

Our Program

We are an academic school that focuses on the spiritual, intellectual, physical and social development of our children.

Christ-Centered

Elmhurst Learning Center is a member of the Association of Christian Schools International since 2000.

As a Christian program, Biblical curriculum is an important part of our daily program. We teach Bible stories, Christian songs, and prayers to our children building a solid foundation for their future walk with God.

Wednesday mornings are set aside for chapel time.

Our Teachers

Academically Qualified
CPR & First Aid Certified
Dedicated, loving, fun, nurturing people who build the children's confidence and encourage their overall growth.

Nutrition

As an added benefit we provide breakfast, a family style lunch and a nutritional snack each afternoon. Our menu is designed to be "kid friendly" with a variety of foods which go beyond the California State requirements to promote good health.
